4. Market Outlook

Dayrates, Duration and Leadtime Increasing in the UK Market

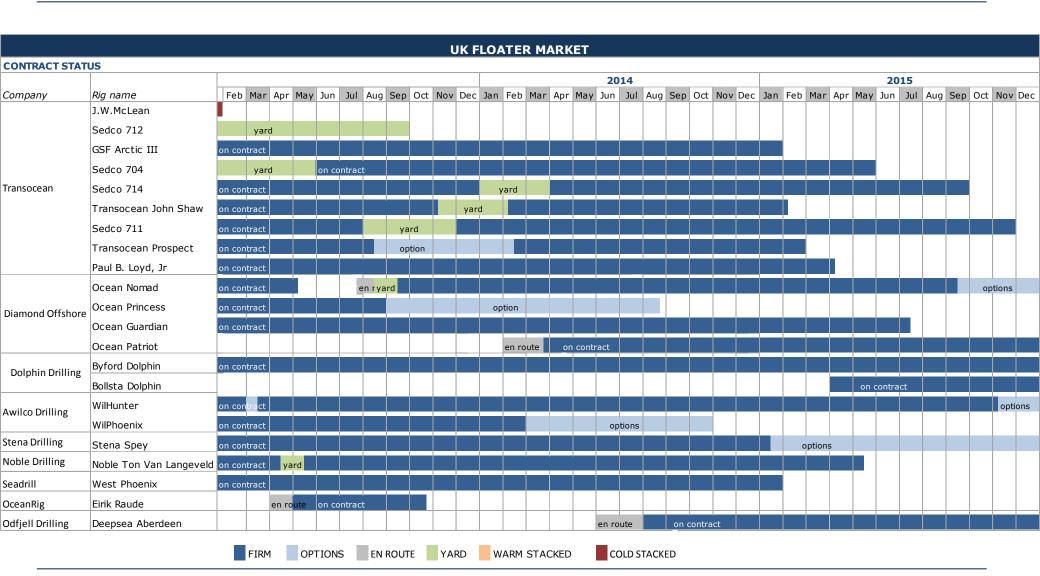

Utilisation Increasing in International Markets, Stable Supply

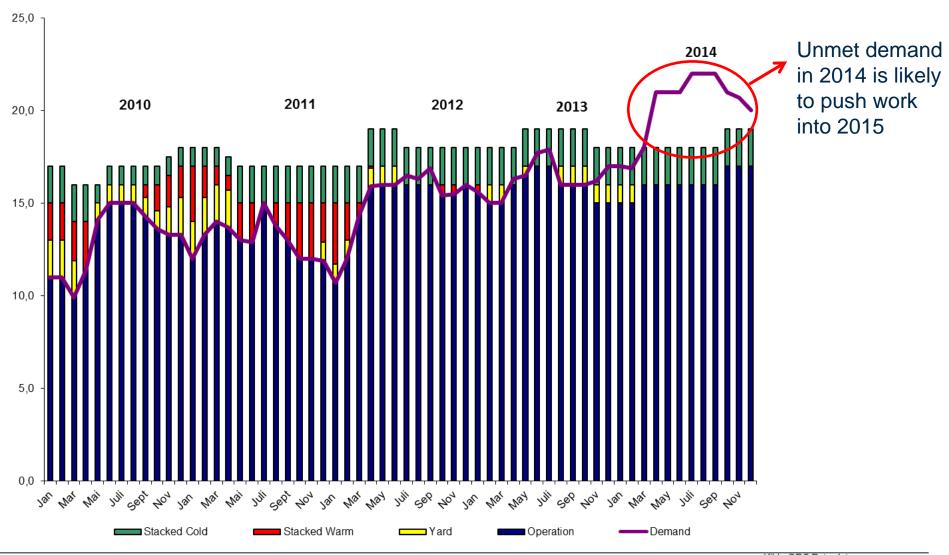

The UK Market is close to Sold Out until 2015

Demand Outstrips Supply in 2014

Why do we expect the UK market to be tight beyond 2014?

- Sustained "high" oil price under-pinning operator confidence
- UK market has barriers to entry
- UK Government encouraging activity through licensing
- Operators increasing activity in established Northern and Central North Sea
- Operators increasing activity in new developments West of Shetland
- Operators increasing decommissioning and well abandonment activity
- Independents continuing to exploit marginal fields

- Continued focus is on operational efficiency
- Free cash flow to be distributed, dividend payments expected to start in Q2 2013
